REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: in the independent claim the recitation of an airbag device comprising an airbag including a left half airbag to be inflated at a left side of the occupant and having a distal end and a base portion, and a right half airbag to be inflated at a right side of the occupant and having a distal end and a base portion, the distal ends of the left and right half airbags being separated from each other to form a space therebetween, the left and right half airbags having primary folded portions in which each of the left and right half airbags is folded laterally and partly overlapped between the distal end and the base portion to have an elongated vertical form, and secondary folded portions in which the elongated vertical form in each of the left and right half airbags is folded to reduce an elongated distance thereof to form a final folded state in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references cited discloses some features in common with the present invention such as an airbag including a right half and a left half, each having
